A BILL was presented in Congress, last week to complete a water highway from tide water on the James River to the Ohio River at the month of the Kanawha. The bill is based on the suggestion of the Engineer Bu-West Virginia shall have previously relinquished their own ership in the present canal, and also provided for the purchase of the private stock or its condemnation, so that the United States Government, before before beginning the work, shall acquire a full and perfect title. As fast as the work shall be completed it is to be turned over to be managed and operate I by a Board of Commissioners, to be composed of the Secretary of the Interior as an ex appointed by each of the fols live. lowing States: Iowa, Wisconsin, Missouri, Illinois, Indiana, Kentucky, Ohio, West Virginia and Virginia.

The surplus tolls over expenses are to be applied to reimburse the United States for their outlay; and when this payment shall have been effected the line is to be made tree to all commerce, save only such tolls as may be needed to operate the line and keep it in repair.

Cundurango-Another Explod-ed Humbug.

After a protracted trial of cundurango in the cancer records of the Middlesex Hospital, in London, the medical authorities of that stitution have argived at the conclusion that the drug, has no effect on cancer. The British Medical Journal of February 17, says that at a recent meeting of the Clinical Society, in Lon served in any of the cases treated by the alleged remedy. In tact, the disease either ran its usual course or the patient showed symptoms of derange ment of the system which might fairly be attributed to the drug. At the same meeting, the fact was mentioned that a large number of people in England, misled by the reports that had come from America, were paying exorbitant prices for the noctrum, and

THERE are some medical enthusiasts in England who think perhaps it would be wise if all small or unhealthy children were suppressed when first born. A writer says had this been the practice in the past, we should have had neither Voltaire, Victor Hugo, Goethe, nor Sir Isaac New on. The last might have been put in a quart pot when born. Voltaire was too small to christen for some days, and Hugo and officio member, and one to be Goethe were not expected to
